

LETTER of PARTICIPATION

BEST MANAGEMENT PRACTICE PROGRAM

City of Greeley Water Pollution Control Facility

FACILITY NAME _____

MAILING ADDRESS _____

LOCATION ADDRESS _____

CITY, STATE, ZIP _____

- This Facility will comply with an approved Best management Practice Program (CMP or other BMP plan) for silver-rich solutions generated by the photographic/radiographic development process.**
- This Facility chooses to comply with an approved Best management Practice Program (CMP or other BMP plan). This Facility is using digital technology.**
- This Facility does not choose to implement a BMP plan for silver discharges.**

Facilities not implementing a BMP must comply with the 1.1 mg/L limit. If the BMP program is not successful in reducing the amount of silver discharged to the POTW, then more stringent regulations, including issuance of an Industrial Wastewater Permit, self-monitoring, compliance monitoring, or other provisions may be implemented.
