

**"Restaurant Oil & Grease BMPs"
Video Order Form**

"Restaurant Oil and Grease Best Management Practices" is a video aimed at restaurant owners, management, and personnel. It was designed to demonstrate the importance of grease control, while providing training on BMPs, grease traps, and grease interceptors. The video is nonspecific concerning issues that may vary from city to city, and can be personalized to include your Industrial Pretreatment Program's name and telephone number. The video costs \$20.00 per copy. Personalized videos cost \$30.00 each.
