

Greeley Water Conservation 2012 Commercial Rebates

www.greeleygov.com/rebates

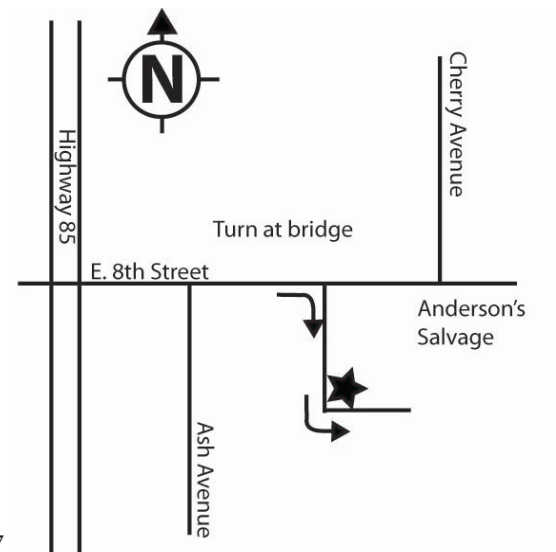

How to Apply

1. Contact the Greeley Water Conservation Office at 970-336-4227 to check if funding is available. This is especially important when initiating large scale projects or toward the end of the year.
2. Purchase and install a product according to program rules.
3. Return a completed application form and itemized original sales receipt or invoice.
4. If business type is a sole proprietorship, you must also complete an affidavit of lawful presence form.
5. Return materials in person or by mail to: City of Greeley Water Rebates - 1100 10th Street, Suite 326 Greeley, CO 80631. Call (970)-336-4172 for more information.

Program Rules

- The product must be purchased between Jan. 1, 2012 and Dec. 31, 2012. Rebate applications must be submitted within 90 days of purchase. All products purchased between Oct. 21, 2012 and Dec. 31, 2012 must be submitted before Jan. 14, 2013. The rebate program is subject to available funds. Large projects (over \$1000) must be pre-approved. A rebate check will be in the mail in 4-6 weeks.
- Product must be for use at an address that receives a City of Greeley water bill. Commercial, industrial, multi-family, non-profit/governmental, institutional properties with a City of Greeley water account number can apply for rebates.
- The original itemized sales receipt or paid invoice must be attached to the application and include the date of purchase, price, brand name and model number. Keep a copy of the receipt for your records. Applicants must apply in person or have prior approval from Greeley water conservation staff.
- The city reserves the right to inspect the installation of any fixture for which a rebate is provided.
- Rebates should be filed by business owners or approved personnel. Contractors or others working with a property they do not own cannot apply for a rebate. The applicant is responsible for proper installation.
- Recycle toilets at the Greeley Organic Waste (GROW) Center (1130 East 8th Street) to receive an additional \$25 dollars per toilet. This is to ensure that the toilets are disposed of properly and will not be installed at another location. Please remove any metal or plastic parts before recycling. The tank and bowl are ground up and will be used as a component in road base on Greeley's streets. Applicants must attach a voucher picked up at the recycling center to get the additional rebate amount
- Installation costs are not covered by the rebate.
- The product must be new and not purchased second-hand.
- The application form contains information on the commercial products available for rebates, the dollar amounts, and specifications on the products. If a product does not fulfill the minimum standards, a rebate will not be issued.
- To assure you buy a toilet that works well, check its MaP score. MaP testing provides an assessment of toilet performance. A MaP score of 800 or above is recommended: www.map-testing.com.
- An indoor water conservation audit of the property is recommended in an effort to maximize water savings. Call 970-336-4227 to schedule an appointment.
