## Addendum #1

Item 1: Evaluation Criteria for F24-07-058

### **Failure to submit the following documentation will result in disqualification of the bidder's submission.**

**Prime Contractor Participation:** Perform at least 48 % (percent) of the original contract amount with the Contractor's own organization. The Contractor's own organization is defined as workers the Contractor employs and pays directly as well as equipment the Contractor owns or rents, either with or without operators. Submit documentation accordingly to indicate what work the Contractor's own organization is performing and the dollar value of that work. Use the following calculation and this shall be submitted with the bid:

Contractor's share = P / C

P = Work the prime Contractor performs. The prime may include materials the prime purchases and installs or that the prime purchases, but others install. Do not include equipment and associated operators the prime leases to others performing work.

C = Total contract amount.

**The Excel spreadsheet version and a signed PDF version of Section 00130—Bid Schedule are required to be submitted with the bid.**

**EVALUATION CRITERIA** – Bidders will be evaluated by the City of Greeley (City) based on the following criteria:

Price (70 points) – Bidder shall complete Section 00130 – Bid Schedule.

Schedule (20 points) – A schedule shall be provided with the bid showing an estimated start date and completion date for each corridor based on the anticipated Notice to Proceed date listed at the front of the bid package. Project schedules shall be constructed in a Gantt chart format with PDF and tabular outputs (i.e. xlsx, csv, txt, etc). The tasks shall be linked to show the work breakdown structure and associated relationships and shall include message board placement, lowering or raising utilities (manholes and water valves), milling, temporary markings (if applicable), leveling course, fabric, final paving mat, permanent markings, sealcoats and patching.

Related Experience (10 points) – All bidders shall furnish with their bid a list of 3-5 similar projects for each of the major disciplines by the Contractors or Subcontractor responsible including: Paving, Patching, Striping, Sealcoats and Traffic Control. All projects shall have been completed in the last 3 years with references for each. Note, the same project can be used for multiple disciplines if applicable and responsible contractor/subcontractor completed the scope of work. List shall include project title, project discipline, contractor, description, completion date, duration, location and reference phone number. Section 00520 Subcontractor List shall also be submitted with the bid.
