SECTION I. BACKGROUND, OVERVIEW, AND GOALS

A. Background

The City of Greeley Boyd Lake Water Treatment Plant and Bellvue Water Treatment Plant generate treatment residuals throughout the operating season that requires removal. The treated residuals listed as TENORM (technologically enhanced naturally occurring radiological material) require special disposal depending on their radiological make-up. The City of Greeley Boyd Lake Water Treatment Plant and Bellvue Water Treatment Plant contract out the disposal every year due to regulations as well as the radiology that the residuals contain.

B. Overview

The Contractor shall provide services to estimate volume, load, haul, and dispose of water treatment plant residual solids from the City of Greeley's Boyd Lake Water Treatment Plant (WTP) and Bellvue Water Treatment Plant. The bidder must contain the appropriate certifications and qualifications to haul our solids and provide the necessary documentation that the solids were delivered to the correct disposal facility. This will be bid as a whole or as two separate projects. Two PO's will be generated to cover the costs of hauling.

C. Goals

Schedule

The schedule for the removal and disposal of the residual solids shall be from **April** 3rd 2023 to **May** 19th 2023. Services shall be performed during operating hours of 7:00 am through 3:30 p.m. Monday-Friday. Prior to performing any services, the Contractor shall coordinate with plant site supervisor regarding construction, estimated volume to remove, and a site visit to maneuver the grounds.

This remains the *sole responsibility* of the offeror. The Purchasing Contact will make no attempt to cure any information that is found to be at a variance with this procedure. DEPARTMENT OF FINANCE | PURCHASING

The System for Award Management (SAM) identifies those parties excluded throughout the U.S. Government from receiving contracts which have Federal funding. Regardless of whether or not a project involves federal funding, the City of Greeley uses this database to screen potential vendors for procurements at or above \$25,000. Potential vendors are required to register on the SAM website (https://sam.gov/content/home). Prior to issuance of any Purchase Order or contract at or above \$25,000 the Purchasing Division must have documentation that the vendor is registered and in good standing with System for Award Management (SAM).

For a step-by-step guide on how to create a SAM.gov account and receive a Unique Entity ID (UEI), watch <u>this video</u> or read <u>this guide</u>.
