Answered: 142      Skipped: 71

The above image shows the words that were most frequently used in the written in responses for “**Are there any other play elements or things you’d like to see at the Greeley West playground?**” The following are the actual written responses.

“A twirly slide”

A creek / water features, gazebo  
with bathrooms,

A fun slide, and climbing things for smaller kids

A gliding swing like Westmore park has

A mix of the post and deck with nets and climbers would be amazing!

Covered playground like GEYL.

The design of Woodbriar park looks awesome, but a waste of

money, not much of anything for kids to do. Aven's Village is the only park worthwhile for all age groups in Greeley. Loveland and Ft Collins parks are the best hands down. Greeley NEEDS better parks

Dog Park

Dog park? Drinking fountains - bathrooms volleyball or basketball area. Wishful I know Don't forget swings, there never seems to be enough seating for parents. Why can't you bring some elements in from the playgrounds pictured? Why limit the park to a certain theme? For Pete's sake , figure out shade over the play area, as Colorado has a lot of sun and equipment gets too hot! ( how about sunshades that could be removed in the winter time?) If no bathroom than a propley maintained porta potty is a must!!

Educational games/braille/hard of hearing equipment

Equipment for toddlers please!

Equipment/play areas aimed at bigger/older children, inclusive play equipment, oppurtunities for natural play

Fake grass turf and swings

Great idea, some of the equipment is really weathered. I/we walk this park all the time.

High quality swings!

I hope they don't rip out the grass and plant weeds and dandilions like Bitterweed Park play ground for little kids smaller quarter pipe for skate boarding.

I'd like to have nets and climbers of all sorts as well as a zip line.

Twin Silos has vast climbing areas of all kinds, bridges, tunnels, swings, large slide, zip line... covered area... permanent restrooms..

I've lived in this neighborhood for four years and never

understood how it had such a poor playground. We still go to the park all the time because of the beautiful walk and field, but I'm glad to see the playground will be updated.

Important to have a couple things for kids under 6 to interact with. That's missing now.

Interactive musical instruments like at Lincoln Park in downtown Greeley

Large slide, swings, large roof

Large Swings, Slides and Monkey Bars

Lots and lots of play area.

Lots of things to climb and hide inside of.

Maybe monkey bars. Slides etc

Monkey bars

Monkey bars,zip line covered slide

Monkey bars,zip line, and covered slides

benches for adults. Zip lines are always good

Lights Please!

shaded sitting options

swings

swings

My family goes to a park almost daily. Our favorite feature is a tandem swing for a smaller kid/ baby to do with a bigger kid/ adult. It has a bench seat connected to a bucket seat. That one is constantly in use at Boardwalk Park in Windsor.

One of the zip lines things that are the Avens Village Playground Our kids like elements that exist in both the post and deck and nets and climbers. It would be great to have a playground that incorporated some of each. Also, it would be great for the park to have elements that appeal to older kids (e.g., larger slides) as our kids will outgrow smaller sized playground equipment soon.

Picnic area

Plenty of climbing items

Really long and tall slide

Restroom

Restroom and maybe carosel

Rock climbing

Rock climbing wall

Rubber ground and not mulch.

No swings

Seating for parents around the play structure. Covered areas and plenty of shade.

Windsor	Climing park?	Adventure A big play structure that still works well for younger kids. It reminds us of the spaceship park in Greeley, but that one is difficult for my younger children to access. Eastman has a similar tower but their is an option to enter it with stairs instead of needing to climb such open and high equipment.
Windsor	Eastman	Quiet, and a large are to play They are updated and use natural mulch rather than rubberized playground Kids love the options Very kid friendly Climbers and Zipline There are things for bigger and smaller kids separately so littler ones don't get trampled by pushyer bigger kids. Climbing structure/net. Sliding chair/zip line thing It's close to the swim beach and has a nice lake to walk around. There's also a large and several smaller covered picnic tables Again, a small kid area that is nearby but separate. Challenging ropes, bets, climbers, zip line and advanced slide for big kids.
