## You Can Make a Difference, One Student at a Time

Every other year, local students visit Moriya, Japan through the City of Greeley's student exchange program. These youth will be representing the City of Greeley and for some of these students, the trip is cost prohibitive.

To offset the cost of the trip, the City of Greeley offers \$1,000 scholarships to students, but the remainder of the airfare, three nights hotel, train fare and planned activities are the responsibility of the student. That's where the generosity of local business owners and residents is most important. Please consider sponsoring a student so they can travel to Moriya, Japan and have the experience of a lifetime!

## You can have a positive impact on your community's youth, your community's future.

Students go through an application process and must be accepted into the Student Exchange Program to participate. Students must have funding secured by Sunday, May 17, 2015 in order to travel. They leave the City of Greeley on June 2 and return on June 11, 2015. Please consider sponsoring this trip.

**Students may not accept cash donations. Checks need to be written to the City of Greeley.**

You may designate your sponsor dollars to go to a specific student or your sponsor dollars can be divided evenly among the group of students to help offset the trip's cost for everyone. Please complete the back of this sheet and return it with your check either to the student, or by mail to:

### What Students Have Said:

*"I applied to go to Moriya because I was part of the Greeley Youth Commission, a volunteer board that makes decisions for youth in Greeley... I come from a single parent, low income household, and there was no way we could afford [the trip]. Once the trip came closer, I received the City's scholarship and donations from various people who thought I could represent the City of Greeley really well."*

*--Jorge (George) Lechuga*

*"I think the Moriya trip changed my life for the better. It made me realize what I wanted to do with my life. It also showed me that I wanted to travel outside the U.S. because everything is so different and you only have one life. You have got to live it to the fullest. As far as lessons learned, there were a ton of things but the one I won't forget is to always be kind and polite."*
