Administrative Guidelines: City Facilities and Venues

Booking

City staff booking entertainment into any City facility or venue mirrors the process followed by many public venues throughout the country. The operational management seeks out and schedules events that reflect the venue's purpose, mission, and design, using advisory boards as sounding boards. In regards to outside requests to reserve a City venue, the operational management may deny such request based on the following: (1) unpaid balances owed to the City venue or similar venues that are known to the City, (2) past history or reputation of disruptive incidents in a City venue or similar venues, (3) when an organization, individual, or event has been misrepresented in its identity, nature, and/or content, (4) when the requesting organization or individual violated laws, ordinances, rules and regulations or the contract provisions and/or acted or operated in a manner which constitutes a nuisance and/or disturbance, (5) in the opinion of the operational management that the request may cause undue or unusual damage to the City venue, (6) may cause in the opinion of operational management security concerns, (7) the request conflicts with a similar request previously scheduled on or near the venue, and/or (8) in the opinion of operational management the event will not take place causing a loss of revenue to the facility.

Operational management denials may be appealed to the Culture, Parks and Recreations Department Director or the Director's designee.

It is the City of Greeley, Colorado's policy to allow the use of facilities owned by the City of Greeley and Weld County at Island Grove Regional Park on a rental basis.

Organizations that have scheduled an event the previous year will be given priority in requesting dates for the following year.

Rental or Use Endorsement

The rental and use of city facilities shall not constitute an endorsement by the City of Greeley of an organization or group or any particular issue or perspective related to programs presented in the facility.

Federal, State Laws, City Ordinances

Any group or organization using city facilities or venues shall comply with all federal, state, and local laws and regulations.

Insurance

For public events, the Tenant shall obtain and maintain full force and effect during the Tenant's use and occupation of the facilities, at Tenant's sole expense, sufficient general or public liability insurance.

The Tenant shall furnish the City, thirty (30) days before Tenant's occupancy of the facility, a copy of the said policy of insurance. Failure to provide insurance within the time stated shall immediately terminate the rental agreement.

BOOKING & FEE POLICIES

1. Booking events on dates not secured by annual user groups are done on a first-come, first-served basis up to 12 months in advance.
2. It is the policy of the City of Greeley to allow the use of facilities owned by the City of Greeley and Weld County at Island Grove Regional Park on a rental basis to groups when such rentals do not interfere with the schedules of annual user groups, both public and private.
3. All tenants of the Island Grove Regional Park complex, all ground facilities, and premises (including annual events) are reminded that it is their sole responsibility to initiate and complete proper forms for event bookings for future facility usage. Annual users must notify the Island Grove Regional Park Events Coordinator in writing or email to reschedule their annual event no later than 2 weeks after their current event. Failure to do this may result in forfeiting of any rights of priority option for rental. The City of Greeley will not be held responsible for complying with this policy.
4. Like events will not be booked within 12 days before or 12 days after the previously booked date for a like event, where sales of tickets and/or like products are sold.
