<b>WATER &amp; SEWER FEES &amp; CHARGES</b>				
	§ Charter 17-4 (W&S Board; Powers, duties) requires W&S Board to establish minimum water and sewer rates annually. Must be sufficient to include expenditures for all operations and maintenance of the water and sewer system, debt service requirements, and additions to a reserve account in sufficient amounts to offset depreciation to the water and sewer systems. §	§	§	
<b>Cash-In-Lieu of Potable Raw Water</b>				
	The cash-in-lieu of raw water fee is a fair market value of water determination based on the cost of the potable water rights portfolio that Greeley has secured to date and the current cost of developing new water storage projects. This fee is subject to periodic review, and may be updated by subsequent resolution of the Water and Sewer Board.	\$36,500 per acre-foot	\$39,500 per acre-foot	Revised
