

# Experiential Learning

- ✓ Participants engaged in hands-on workforce experiences
- ✓ Connects academics with career goals and desires
- ✓ Provides students with a network of support
- ✓ Differentiated experiences based on student's individual needs

## Post Secondary Workforce Readiness (PWR) Opportunities

- Interns will acquire the knowledge, skills and behaviors essential to succeed in life after high school.
- A post-secondary and workforce-ready intern demonstrates the ability to master challenging work and academic situations.
- Interns will gain practical work experience to build their resumes.

## G.Town Promise

### Business Partnership Levels

**Paid Internships • Job Shadows**  
**Guest Speakers • Executive Mentorships**  
**Volunteer Internships • Industry Tours**

## Supervisor

Internships deepen a student's understanding of the environment, expectations, and requirements of the workplace, professions and industries. Internships allow students to experience what a "real job" is like and how the skills they learn in school can be put into action in the workplace.

Internship supervisors play a critical role mentoring and guiding interns during this experience. Supervisors serve as role models for interns, enabling them to see themselves achieving success in the industry.

## Intern

Your internship is an opportunity to learn and grow as well as to demonstrate your competence and initiative. The positive impression you make will continue to support you when you need a reference or permanent position. You will gain skills and knowledge to use in future jobs.

## Business Partnership Levels
