Item 2

The bid form states that the Total Bid will be considered Lump Sum with the exception of Bid Item #3 – Pond Bottom Muck and Side Bank Vegetation Excavation and Haul Off. How will that volume be calculated during the project? Refer to footnote "(1) Volume is based on the assumption of 1' depth excavation and haul off." Located at the bottom of the Bid Tab Sheet.

The depth of 1' is conservative based on field observations during the removal of debris in May 2020. A change order for this bid item will not be an option should the depth be slightly more in various locations since there is a good percentage of area that will have zero depth as a result of the haul off in May of 2020.

**Bid Responses will only be accepted electronically during the COVID-19 event.**
