SECTION I. BACKGROUND, OVERVIEW, AND GOALS

A. Background

The City of Greeley is a home rule municipality with a council-manager form of government and is the county seat and the most populous municipality of Weld County, Colorado. Greeley is in northern Colorado and is situated 52 miles north-northeast of the Colorado State Capitol in Denver. According to the U.S. Census Bureau, the population of the city is roughly 111,000 which makes it the 12th-most populous city in Colorado. The City has an annual budget of ~\$490M with a fiscal year that starts Jan 1st, and employees over 1100 employees. Greeley is a major city of the Front Range Urban Corridor and home to the University of Northern Colorado which is a public baccalaureate and graduate research university with approximately 12,000 students and six colleges as well as Aims Community College, which has served the community since 1967.

B. Overview

The City of Greeley is requesting responses from qualified firms for the removal, disposal and replacement of an existing fence with a Trex fence to meet the existing height (Minimum 6'). The fence color shall match the color as shown in Exhibit 5 on Exhibit A of this RFP.

C. Goals

The goal of this project is to replace the existing fence with lower maintenance Trex material. As the area is prone to high winds and significant sun exposure, the City desires a contractor that will build a fence that will withstand the elements and not blow down or warp. To ensure the fence is placed within the City of Greeley's property line, The contractor will need to follow the survey the City had a contractor complete. As this fence borders a neighborhood, communication with adjacent neighbors is critical to the success of this project. Ideally the completion of this project will be by the end of the September 30, 2024.

SECTION II. STATEMENT OF WORK

A. Scope of Services

The City of Greeley, owns and houses several functions out of the old Bestway Gravel Pit (approximately 35th Avenue and 4th Street). Most recently, the City through a significant amount of Public Outreach rezoned the property for storage of equipment. As part of this conversation with the neighborhood, and due to the aging condition of the fence, it was determined that the replacement of the fence would be best with the type and color outlined within this RFP. As such, the City of Greeley is requesting responses from qualified and experienced firms for the construction/ replacement of the existing fence and gate in a manor, utilizing Trex, that will withstand Colorado's extreme weather.

The selected firm is expected, provide consistent communication and coordination with adjacent property owners, follow the property survey the City provides to ensure fence stays within City of Greeley property, remove and dispose of existing fence, removal, disposal of any old trees or bushes in the path of the future fence, installation of approximately 3,150 linier feet of fence and clean-up and replanting of any areas disturbed during the construction process.

B. Period of Award

The completion date of providing the required product and services shall be September, 30, 2024.

If the City desires to extend the contract, no later than thirty (30) days prior to expiration, the City's Purchasing Contact may send a notice in writing to the vendor requesting firm pricing for the next twelve-month period. After the City evaluates the firm pricing proposal from the vendor, it will determine whether to extend the contract. All awards and extensions are subject to annual appropriation of funds. The provisions of the foregoing paragraphs with respect to extensions of the terms of the contract shall be null and void if the contract has been terminated or revoked during the initial term or any extension thereof. All decisions to extend the contract are at the option of the City.

C. Minimum Mandatory Qualifications of Offeror

The responding firms shall meet the following minimum mandatory qualifications for the proposal to be considered for evaluation. Any submittal not meeting a minimum qualification will be disqualified and cannot be considered for further evaluation.

- Minimum documented experience: 3 years of documented experience for responding company. Company should be able to, in response, demonstrate experience not only in building fence but also building fence utilizing Trex.
