

# Addendum #1

## Capital Project Committee

### Project Information

Project Name:	Bike Walk Maintenance Program
Bid Number:	FD20-08-123
Date:	August 28, 2020
Manager:	Rick Dorsey

### Addendum Items

Item 1	<p>Due to the corona-virus, the City is requiring the following for submitting bids and the opening of bids:</p> <p><b>see attached instructions for submittal of bid responses</b></p> <p><b>See below for Bid Opening Instructions - September 4, 2020 at 2:00pm</b></p> <p>Join Zoom Meeting</p> <p><a href="https://greeleygov.zoom.us/j/92063595536">https://greeleygov.zoom.us/j/92063595536</a></p> <p>Meeting ID: 920 6359 5536</p> <p>Passcode: 556084</p> <p>Dial by your location</p> <ul style="list-style-type: none"><li>+1 346 248 7799 US (Houston)</li><li>+1 669 900 6833 US (San Jose)</li><li>+1 253 215 8782 US (Tacoma)</li></ul>
Item 2	<p>What is the intent of the blank bid quantities (example: Removal of Rollover C&amp;G/Sidewalk, New High Back Curb and Gutter (8" and above), 24 Hour High Early Mix – Up Charge) are you wanting us to provide unit pricing for these items in case they are needed for the contract? Or are we to leave these items blank? <b>The blank Quantities indicate no known quantity for the project. I left them in there because it gives the definition for each pay item. No matter If a number is entered or not entered it will not reflect on the bid tabulation.</b></p>
Item 3	<p>Concerning the blank bid quantities, does that mean there isn't a set measurement yet, or what does that mean? <b>The blank Quantities indicate no known quantity for the project. I left them in there because it gives the definition for each pay item. No matter If a number is entered or not entered it will not reflect on the bid tabulation.</b></p>

	What will be the new elevation of the concrete bike path? Will we be matching the existing elevation or will we be lifting it up? <a href="#">Match existing</a>
	Would you like the cross slope of the new path to drain towards the street or back into the field? <a href="#">Match existing</a>
	What are the specifications for landscape restoration behind the new curb and along the path? <a href="#">See Special Provisions</a>
	Will we be required to install seed and straw blankets? <a href="#">N/A</a>
	Will there be a specific seed mixture? <a href="#">N/A</a>
	Will we be required to obtain a stormwater permit for this project? <a href="#">See Special Provisions</a>
	We are anticipating milling out the old asphalt path. Would you object to this idea? <a href="#">See Special Provisions / COG DCCSM</a>
	Would it be possible to use the asphalt millings as a subgrade in lieu of class 6 or recycled concrete? <a href="#">See Special Provisions / COG DCCSM</a>
	Will we be matching the current ramp at the southwest corner of the intersection for the other 3 corners or is there a different detail to use? <a href="#">See Special Provisions</a>
	I do not think this will be an issue but if the push button assemblies on the existing street light poles needs to be lower who would be responsible for this? <a href="#">City Crews</a>
	Would the city allow open excavations over night? If we were to prep an area on day and replace it the next morning would this be allowed? We would make sure it is secure overnight. <a href="#">See Special Provisions / COG DCCSM</a>
	Will we be installing a curb cut at the location of the PDC Energy site? <a href="#">See Special Provisions / Line item quantities &amp; descriptions.</a>
	Should we plan and installing the concrete a little thicker where PDC Energy will be driving across the new path? <a href="#">See Special Provisions / Line item quantities &amp; descriptions.</a>
	Does the oil access location need rollup instead of the straight curb for that section? <a href="#">See Special Provisions / Line item quantities &amp; descriptions.</a>
	is the section between the sidewalk and c/g going to be live planting landscaping, ground cover, or connected with no space between the sidewalk and c/g? f landscaping what about the sprinkler system? <a href="#">It's a remove and replace asphalt with concrete in an area where there is no existing landscaping.</a>
	Is there a specific design for the stormwater inlet? <a href="#">See Special Provisions for inlet top</a>
	At what point heading North on 71st does the grade difference between the new sidewalk and existing grade necessitate a higher concrete pour or low retaining wall? <a href="#">New work will match exist</a>
