SECTION I. BACKGROUND, OVERVIEW, AND GOALS

A. Background

The City of Greeley is seeking qualified firms to submit bids to engage in the attached scope of work for a Housing and Sheltering campus project we have dubbed “Weld Village”.

“Weld Village” is envisioned as a long-term community solution to housing our community’s most vulnerable through the development of a continuum of care campus within the twin cities of Greeley-Evans. Greeley has an estimated population of 110,000. Evans, located adjacent to and south of Greeley, has an estimated population of 25,000. Greeley serves as the county seat of Weld County, Colorado, which has an estimated population of 330,000. While the project will be Greeley-Evans centric, our approach also seeks to understand and leverage the entire Northern Colorado housing navigation/sheltering ecosystem, which includes the cities of Fort Collins and Loveland, situated in nearby Larimer County. This combined Northern Colorado region has an estimate population of 700,000.

B. Overview

A small grassroots steering committee began meeting to discuss the idea of addressing homelessness and affordable housing issues facing the community during the COVID pandemic in 2020 and our work to date is highlighted below.

C. Goals

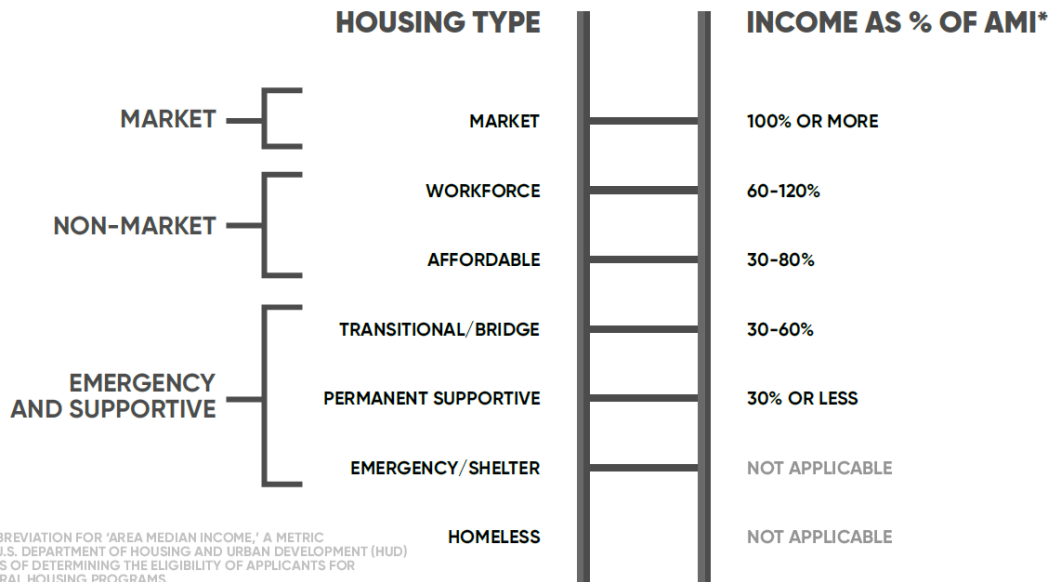

Benefits of a holistic campus model include:

- Combining Emergency Shelter & Supportive Services, Permanent Supportive Housing (PSH), Affordable/Workforce Housing on a single campus
- Efficiency – Delivery of services on common campus
- Suite of services for challenging populations
- Containment of most current community challenges to the campus
- Continuum of Care provided for the most vulnerable on one site
- Realize economies of scale by financing and developing one project
- All-in-one location for service providers
- Improves communication among providers
- Provides central location for community groups, faith communities & others to provide assistance

Connection to Housing Ladder/Housing Ecosystem

- Our Strategic Housing Plan contemplates housing as a continuum, or ladder, where each rung of the ladder is interconnected to the other rungs. The Weld Village campus seeks to address 3-4 rungs on our housing ladder – Emergency/Shelter, Permanent Supportive and Affordable/Workforce, as depicted herein.

HOUSING LADDER

Timeline of activities to date

- April 2020 – First meeting of the Steering Committee held at United Way of Weld County to brainstorm potential housing campus models.
- June 2020 – Many members of the steering committee toured Arroyo Village campus in Denver.
- August 2020 – Follow-up meeting from the tour was held.
- November 2020 – Cold weather congregate shelter opens at Tri-Pointe for the season with reduced capacity due to COVID. Capacity of 40. Overflow of capacity sent to nearby Rodeway Inn as needed.
- November 2020 – Cold weather non-congregate shelter opens at Bonell for the season to accept COVID vulnerable guests. Capacity of 40. No overflow capacity.
- November 2020 – Steering Committee begins meeting monthly.
- February 2021 – Initial Asset Map with potential locations and proximity to services was created. This tool has since been modified several times.
- May 2021 – Many members of the steering committee toured non-congregate facility (Bonell) and congregate facility/housing navigation center (Tri-Pointe).
- June 2021 – Determination made by City of Greeley to create a scope of services in order to solicit the support of a 3rd party consultant to assist with gathering and evaluating data, examine demand drivers, determine market and financial viability and feasibility, and estimating capital and operating costs associated with the development of a “Weld Village” project.

Members of the Steering Committee

There are over 2 dozen members of the steering committee, each of whom will be a tremendous resource as this work is completed. They represent leaders from local government and non-profits.

A roster is included in the supplemental list of materials and their full contact information will be made available during the execution phase of the contract.

SECTION II. STATEMENT OF WORK

A. Scope of Services

1. Evaluate Existing Sources of Information
 - a. Identify available sources of information
 - b. Review existing knowledge and current best practices

The steering committee has also been instrumental in assembling a host of additional resource materials related to addressing homelessness, providing sheltering, and developing permanent supportive housing and workforce housing. These resources are included in the appendix for reference. We have also assembled links to existing organizations and facilities that should be helpful in completing this work.

PLEASE NOTE AN EXTENSIVE LIST OF EXISTING RESOURCES AVAILABLE AS PART OF THE WORK DONE TO DATE, REFERENCE EXHIBIT 5.

2. Analyze Demand Drivers
 - a. Review internal data/metrics
 - b. Review external data/metrics
 - Assess and quantify the demand for shelter guests/capacity limits, based on recent historical trend data
 - Assess and quantify the demand for developing Permanent Supportive Housing units
 - Assess and quantify the demand for developing Affordable/Workforce Housing units
3. Evaluate Project Size and Location
 - Determine Ideal acreage (based on demand drivers for guests/permanent units)
 - Evaluate location preferences/criteria (proximity to exiting services/infrastructure)
 - Vet/scope all potential sites, including any potential existing building rehabilitation and all potential greenfield properties identified previously
 - Address political implications/messaging to the public – Considering both City Councils and Weld County Commissioners
 - Enhance/revise latest Asset Map (as of May 27, 2021)
 - Consider both current and forecast need as the population grows over the next 10-20 years
 - Frame Weld Village in a regional housing navigation/sheltering system in terms of other facilities and services, both existing and planned, in the Northern Colorado Region.
 - Primarily Fort Collins and Loveland, secondarily Longmont and Boulder

4. Estimate Development Costs

- Compare and contrast existing facilities acquisition and rehab vs new build on greenfield development sites
- Develop a budget based on the determined size and community need
- Use successful comparable recent projects as a baseline

5. Estimate Ongoing Operating Costs

We have assembled data from other similar projects in the region and provided current operational budgets for the sheltering and housing navigation center functions as a start to understanding the operating budget, but this work needs to be expanded to include the whole campus, inclusive of permanent supportive housing and workforce housing components.

See References:

- Arroyo Village LIHTC Application (includes development budget)
- Current Housing Navigation Center and Cold Weather Shelter Annual Budget
- Additional estimated costs from UWWC for housing navigation and rapid rehousing for all homeless in Northern Colorado

6. Final Report & Recommendations

The final report will contain the following elements:

- Feasibility of Proceeding (Go/No Go Recommendation)
- Recommended Scale and Scope of Project
- Costs of Each Element of Project (Shelter, PSH, Workforce)
- Phasing/Resourcing/Financing the Project

B. Period of Award
