    Stories: One
    Architectural Style/Type: Modern Movements (Oblong Box Gas Station variant)
    Foundation: Concrete

Eligibility Evaluation (OAHP use only)
Date _______________ Initials _______
___ Determined Eligible – NR
___ Determined Eligible - SR
___ Needs Data
___ Eligible District – Contributing
___ Eligible District - Noncontributing
Walls: The upper west-facing and south-facing walls are clad with an applied veneer of painted white vertical wood siding, with red and blue trim. Signage advertising “Firestone, BRIDGESTONE [and] COMPLETE CAR SERVICE” appears in the upper west-facing (façade) wall, facing 8th Avenue. The south wall, and the south end of the east wall are clad with painted white stucco over concrete block or brick wall construction. The long north end of the east wall and the north wall are made of painted white brick laid in common bond.

Windows: The customer service entry on the façade is flanked on its north side by a band of three tall single-light fixed-pane windows, and on its south side by a band of seven vertically oriented single-light fixed-pane windows which wrap around the building’s rounded front southwest corner. The south elevation contains two 6-light industrial sash windows with stuccoed brick or concrete sills. The south end of the east elevation contains a former window opening which has been infilled and covered with painted white stucco. A small former window opening with a brick rowlock sill, on the north elevation, has been infilled with painted white brick.

Roof: The roof is flat, with parapets on the north, west and south.

Chimney(s): A tall painted white brick chimney is located on the east elevation.

Porch(s) / Doors: The long north end of the façade contains five tall metal rollaway service bay garage doors, painted white in a faux brick pattern. These five service bays are divided by painted white fluted columns. The south end of the façade contains a glass-in-silver-metal-frame door, with a tall transom light, which is the customer entry into the tire sales and service office. The south wall, facing 12th Street, contains a tall white metal rollaway service bay garage door, also painted white in a faux brick pattern.
