Other Voluntary Life Coverage Features

Accelerated Death Benefit – Terminal Illness

If you or your spouse is diagnosed by two unaffiliated physicians as terminally ill with a life expectancy of 12 months or less, the benefit for terminal illness provides for up to 75% of the Term Life Insurance coverage amount in-force or \$250,000, whichever is less, to be paid to the insured. This benefit is payable only once in the insured's lifetime, and will reduce the life insurance death benefit.

Continuation for Disability for Employees Age 60 or over - If your active service ends due to disability, at age 60 or over, your coverage will continue while you are disabled. Benefits will remain in force until the earliest of: the date you are no longer disabled, the date the policy terminates, the date you are Disabled for 12 consecutive months, or the day after the last period for which premiums are paid. You are considered disabled if, because of injury or sickness, you are unable to perform all the material duties of your Regular Occupation, or you are receiving disability benefits under your Employer's plan.

Extended Death Benefit - The extended death benefit ensures that if you become disabled prior to age 60, and die before it is determined if you qualify for Waiver of Premium, we will pay the life insurance benefit if you remain disabled during that period. If you qualify for this benefit and have insured your spouse or children, their coverage is also extended. No additional premium payment is required for the extended coverage.

Waiver of Premium - If you are totally disabled prior to age 60 and can't work for at least 9 months, you won't need to pay premiums for your coverage while you are disabled, provided the insurance company approves you for this benefit. You are considered totally disabled when you are completely unable to engage in any occupation for wage or profit because of injury or sickness. This benefit will remain in force until age 70, subject to proof of continuing disability each year

Rehabilitation During a Period of Disability - If the insurance company determines that you are a suitable candidate for rehabilitation, the insurance company may require you to participate in an assessment and rehabilitation plan, not to exceed 18 months. A rehabilitation plan may consist of educational, vocational or physical rehabilitation or may include modified work or work on a part-time basis. If you refuse such assistance without good cause (a medical reason preventing participation, in whole or in part, in the rehabilitation plan), insurance under this plan will end.

When Your Coverage Begins and Ends

Coverage becomes effective on the later of the program's effective date, the date you become eligible, the date we receive your completed enrollment form, or the date you authorize any necessary payroll deductions. Your coverage will not begin unless you are actively at work on the effective date. Dependent coverage will not begin for any dependent who on the effective date is hospital or home confined; receiving chemotherapy or radiation treatment; or disabled and under the care of a physician. Coverage will continue while you and your dependents remain eligible, the group policy is in force, and required premium paid.

Conversion - If group life coverage ends (except due to nonpayment of premium), your employment is terminated, membership in an eligible class is terminated, or insurance coverage is reduced based on attained age, you can convert to an individual non-term policy. To convert, you must apply for the conversion policy and pay the first premium payment within 31 days after your group coverage ends. Dependents may convert their coverage as well. Premiums may change at this time, and terms of coverage will be subject to change.

Portability - If your employment is terminated and you are under age 70, you can continue your [employee-paid] life insurance on a direct-bill basis. Coverage may also be continued for your spouse/children. Premiums will increase at this time. Coverage can be continued to age 70, unless the insurance company terminates portability for all insured persons. Refer to your certificate for details.

Exclusions: Voluntary life insurance will not be paid if you commit suicide, while sane or insane, within the first two years of coverage
