

2016 Sculpture on Loan Program City of Greeley

The City of Greeley is accepting artist entries for the 21st Annual Sculpture on Loan Program. The request is open to professional and amateur artists of all backgrounds. Each artist may enter up to three works. Judging is based on the originality of the piece, its durability and suitability for outdoors and safety for the public. It is recommended that artwork be more than four feet in height. Application is due on or before January 30th, 2016.

In 1995, the Greeley Art Commission initiated the Sculpture on Loan Program with the placement of three pieces of art in the Downtown area. Each year, the Commission solicits art to be on display for one year in public areas and community parks. The Greeley area consists of a viewing population of nearly 100,000.

We currently have up to fifteen spaces to display outdoor sculpture in the Greeley Creative District near downtown businesses and in local parks. It is Greeley's honor to exhibit sculptures so the public may enjoy the artists' talents and purchase accordingly. Each year, with citizen input the City purchases one or more sculptures to be added to the permanent art collection.

A statement about the inspiration for artwork or other interesting information must be included for the most current brochure.

Artists can also apply on **Café**, an online artist registry at www.callforentry.org
