Addendum Questions

Question #1	Can we please get the names of the businesses related to the table on Page 5? Knowing what type of waste/recycling is generated at each is a vital step in determining service frequency and pricing (a restaurant will have drastically different needs than an insurance broker)...especially if there is intention to consolidate some of the containers.

Question #2	Which business(es) will be the ones consolidating/combining service into the others?
--------------------	--

Answer	During our meeting with all businesses, all were very interested and planning on transitioning to this platform.
---------------	--

Question #3	How many of/which of the businesses are currently under a contract with their waste hauler? How do we account for whether or not they'll truly be part of this pilot?
--------------------	---

Answer	From our public outreach there were approximately 3 of the above that were under contract. Please plan on them participating as part of your response.
