

HOUSEHOLD HAZARDOUS WASTE

Many household chemicals pose serious health risk if not properly handled, stored and disposed of. It has never been easier to remove these hazards from your home.

Household Hazardous Waste Types

Residents of Greeley, Colorado may use the Weld County Household Hazardous Waste Collection Center to dispose of household hazardous chemicals. Greeley residents should seriously consider using the Center to dispose of these chemicals because they pose a treat to sanitation workers and anyone who comes in contact with them. These chemicals may also threaten ground water and the environment at the landfill.
